BURGLARS ENTER AND ROB HOME DURING AFTERNOON

Residence of Capt. Thos. Cocain Robbed in Daylight

CLUE BEING FOLLOWED

Thought Possible That Man and Woman Committed Deed—Valuables Taken

One of the most sensational burglaries of recent years in this community occurred Friday afternoon some time between 2 and 4 o'clock at the home of Capt. Thomas Cocain at North Charleroi. Entrance was effected through a rear window. A hole was broken in it sufficient to allow a man's hand to be inserted and the lock was turned. Before the burglars left they took the trouble to replace the screen which had been temporarily removed. A gold watch belonging to Mrs. Cocain, five rings, and a diamond stickpin together with \$1 in money were taken.

Mrs. Cocain left the house at about 2 o'clock to go to the home of John Myers a hundred yards distant to visit briefly. While she was gone the burglary occurred.

A brick bat was used to break a hole in the window and the manner in which it was done showed that the burglars were experienced. Apparently no time was lost. They evidently searched the house thoroughly, but missed one room, that of Edgar Cocain's, where there was a valuable gold watch. It is supposed that they intended to go there, but were frightened away. Grape vines darken the back yard and work could be carried on without fear of observation from the neighbors. However it is believed that there were two burglars, and that one watched while the other searched the premises. Practically all the valuables were taken from up stairs rooms, but there was no disorder among bureaus. One dollar in silver lying on an upstairs dresser was missed. The gold watch taken bore on the exterior of the case the inscription "Lizzie Cocain," and on the inside had the lettering "From Thomas to Lizzie." One of the rings taken was a valuable diamond.

When Mrs. Cocain returned from her afternoon call she made the discovery of the robbery, and Constable David Mathers with his blood hounds was called to the scene. The trail was taken up but could not be followed, it having been crossed and recrossed by many feet.

From evidences no ordinary workmen completed the job. Instead it was the work of a raffles who searched the premises. There is a clue that the woman who has been terrorizing portions of Western Pennsylvania and who recently gained notoriety by her highwayman acts in Pittsburg was concerned. A man and a woman with coats tightly buttoned and wearing hats that shaded their eyes were seen walking rapidly from the hill district in the afternoon by some North Charleroi residents. From the lack of disorder at the place of the robbery, it might be inferred that a woman had worked while a man watched.

A cordial invitation is extended you to attend Spidell's Millinery Opening, Saturday, September 16.

Scores of Men at Work on New Line

P. & L. E. Pushing Grading the Work Between Fayette City and Dickerson Run

Scores of men are now working on the connecting line to be built between Fayette City and Dickerson Run by the Pittsburg and Lake Erie system. The work started near Arnold No. 2 mine of the Pittsburg Coal company which is the present terminus of the P. & L. E. tracks at present and is being pushed with all vigor. Mostly foreign labor is being employed. A colony has been established at the old Griff Stephens homestead near Fayette City and upwards of 50 laborers being housed there. Only the grading is being done now.

WOMAN CHARGED WITH ROBBERY AT PITTSBURG

Highland Park, in Pittsburg, which is the Mecca of country people from up this way and elsewhere just now who are flocking into the Smoky City to attend the Exposition and do some shopping, has a thrilling sensation. This is a "highwaywoman" not more than 18 years old has been playing havoc with lovers and tourists in Highland Park for several days, despite a vigorous search by the police. The bandit, who her victims agree, is beautiful and vivacious, has covered her tracks. She is believed to be the same girl who, in the role of horse thief, led the State constabulary a chase, over Fayette, Washington, Westmoreland and Allegheny counties for a week.

As Arthur O'Day and Thomas Kelly were leaving Highland Park the other evening, accompanied by Miss Eunice Bigelow, they were halted by the fair bandit. Drawing a revolver from a holster concealed under her tailor-made white coat, the young woman demanded that they hand over their cash. The boys transferred about \$10 to the highwaywoman. She then compelled Miss Bigelow to hand over her chatelaine bag, getting toilet articles and a little over \$3 in money. Then she disappeared. The woman has robbed 15 persons thus far.

"TRAVELER'S REPOSE" GOES OVER THE DAM

Breaking loose from its moorings across the river from North Charleroi the "Traveler's Repose," a shanty boat in which a party of people have been staying for the past six or eight months, went over the dam at Lock No. 4 this morning and was nearly wrecked. There was nobody in the boat at the time. The loss will be probably \$800 or \$1,000. The high water caused the boat to break loose.

You are cordially invited to Spidell's Millinery Opening, Saturday, September 16.

MACHINERY GOES WHEN FLAT TURNS

Valuable Engines and Boilers Belonging to Government Lots in River

Caught in the swirling waters at the mouth of Turtle creek, which had been swollen by recent heavy rains, a government flat containing an air compressor, boiler and engine was capsized at Lock No. 2 in the Monongahela river Friday at noon. From \$1,200 or \$1,500 of a loss was sustained. The United States Steamer Slackwater which has been at the locks in and around Pittsburg doing repair work was taking the flat to safe quarters when it was caught directly at the lock. The accident happened at about noon.

The steamer Helen White of the United Coal company was caught almost in the same way Friday and an accident which would have resulted in the destruction of considerable property and possibly some lives was narrowly averted.

WILL CONDUCT EXAMS FOR POSTMASTERSHIP

The United States Civil Service commission announces that on September 30 an examination will be held in Belle Vernon to fill a contemplated vacancy in the position of postmaster at Arnold City. Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Arnold City.

To Organize Choral Club. Prof Edward H. Hawley of the musical department of the California Normal School has extended an invitation to singers at California, Brownsville and Coal Centre to meet and form a choral union. It is desired to form a chorus of 125 voices, and a meeting will be held Monday night to consider the matter.

Claims She Was Struck by Auto

Otto Gerlach and Elizabeth Gerlach, his wife, have filed a suit against H. H. Young, of Monongahela, to recover \$1,500 damages for personal injuries received by Mrs. Gerlach, when she was struck by an automobile belonging to the defendant. This is one of the first suits to be filed in this county for damages by being hit by an auto. The accident occurred on June 27, 1911, on Main street, near the entrance to the bridge at Monongahela.

HEAVY STORMS IN THE UPPER RIVER

Big Rise in Monongahela Caused by Rains—Allegheny on Rampage

Rains at headwaters and water backing up from the swollen Allegheny and Ohio rivers has resulted in a big rise in the Monongahela river. Today at noon the records showed nearly 17 feet at Lock No. 4 on the lower gauge and the river was still rising. Lockmaster A. F. McGowan received a report of 1.80 inches of a rainfall at Greensboro during the last 24 hours, the report being made at 8 o'clock this morning.

In the Allegheny river there is a real flood. Much damage was done by a storm which swept through the central northern part of the state Friday morning.

ENGAGEMENT IS ANNOUNCED

Mr. and Mrs. R. L. Hormell entertained at their home on Prospect avenue Friday evening at a party which was given in honor of the youngest daughter, Miss Jennie Flo Hormell. The purpose of the affair, which assumed the shape of a brilliant social function, was to announce the engagement of Miss Jennie to Theodore C. Oskin, of Duquesne. A merry party of girl friends gathered to greet the bride-to-be.

A three course luncheon was served and announcement of the engagement was uniquely made when the last course was served. Tiny cards, bearing the name of Miss Hormell and Mr. Oskin, were placed in small envelopes and these envelopes were frozen in the ice cream. Place cards of yellow daisies tied with yellow ribbon, to which were attached small bags of rice added to the general effect. The cream was yellow and was frozen in the shape of daisies.

The Hormell home was handsomely decorated, the color scheme of yellow and white being carried out. Daisies were strewn in profusion through the various rooms.

The out of town guests were: The Misses Gertrude Hawkins and Mollie Riesinger of Uniontown; Dorothy Brown of Beaver Falls and Hazel Knorr of Duquesne.

Seven Cases of Typhoid Fever

According to the report of Health Officer William Darby there are now seven cases of typhoid fever in Charleroi and six of diptheria. These form the only contagions as reported. Quarantine has been established at the homes of all where the diseases rage.

Monessen Council Plans Expenditure of \$130,000 in Borough Improvements

Monessen council at the time of the general election this year on November 7 will present to the voters of that borough a proposition to bond the borough to the extent of \$130,000. Part of the money will be used to pay off a floating indebtedness occasioned by a number of street improvements which have been made within the last year. Some will be used for a proposed large viaduct over Third street and the remainder for improvements on the hill.

FIFTY-ONE TAKE TREATMENT FOR WHITE PLAGUE

Superintendent McCleary of the Washington public schools has reported that there had been furnished him by C. M. Ruple, secretary of the Washington Board of Health, a list of 51 children of school age, who had been under treatment at the dispensary for tuberculosis, who if they were in the school were to be excluded. The superintendent stated that not near all of those whose names were in the list were in school. He thought that about 30 of them were.

Under the new code there is nothing to do but to exclude these pupils. Notices have been sent out to each principal, giving the list of names and also quoting the provision of the new code providing for the exclusion of tubercular children.

A county seat physician said that the number reported to have taken tubercular treatment was not large in comparison with the 3,000 pupils in the schools of the borough. He said that an expert on tuberculosis had said that 76 per cent of the human race were at some time in their lives afflicted with tuberculosis.

LOYAL TEMPERANCE UNION IS FORMED

Yesterday afternoon at 4 o'clock, at the Washington avenue Presbyterian church, a Loyal Temperance Legion was organized by the president, Mrs. C. C. Wright. The other officers are: Vice president, Mrs. Eagye; secretary, Mrs. Stahlman; treasurer, Mrs. Mitchell; pianist, Mrs. Woodward; librarian, Mrs. Harris. There was an attendance of 68 children, all of whom placed their names on the roll. Miss Mary Chester gave several recitations, after which the meeting adjourned to meet Friday, Sept. 29, at the Washington Avenue Presbyterian church.

Charles Donley Tenders Resignation as Member of Faculty

NEW MEDICAL INSPECTORS

Four Physicians Named in Accordance With Provisions of School Code

After a called meeting of the school board Friday night, announcement was made of the resignation of Charles Donley as a member of the High School faculty. The resignation had been presented at a former meeting this week. It was accepted. With the resignation of Mr. Donley there are two High School teachers yet to elect. It was the intention to elect a teacher for an additional room to be provided for High School at the meeting Friday night, but the matter was deferred until next Friday night. Mr. Donley's resignation will take effect at the end of this month.

For the first time in their history medical inspectors were elected for the four schools. The action was made necessary by the new school code which says that pupils must undergo medical inspection annually. When the inspections are made the child's parents, or guardian must be present. Inspectors elected for the various buildings were: Fifth street building, Dr. J. K. Smith; Ninth street building, Dr. F. C. Stahlman; Second street building, Dr. Edwin McKay; Crest avenue building, Dr. H. J. Repman.

Applications were opened for janitor for the Ninth street school building, but there was no election, this matter being deferred until next Friday. It was decided to have a new kind of power installed at the Ninth street building and today notice is being given of bids to be received for installing three motors, the largest to be of 20 horse power. A bill of \$164.52 was ordered paid to George Leith for electric wiring in the Crest avenue and Second street buildings.

Phillips Home. Bill Phillips, the most successful manager that the Youngstown baseball club ever had, is home after a very successful season. He brought the Youngstown team from its usual position in last or next to last place to second position and made for the club owners a snug sum of money, which was something unusual.

A MELANCHOLY SHOWING

The statement of the Washington Board of Health that fifty-one children of school age about thirty of whom the enrolled, are afflicted with tuberculosis, and must under the provisions of the new school code be excluded, is another evidence of the wide spread ravages of the Great White Plague. The list presented contains the names only of those children at the county seat who have taken treatment for tuberculosis at the local dispensary instituted and maintained by the State Board of Health. There are probably many more in whom the disease has not yet been detected that are enrolled in the public schools of Washington.

Although this is stated to be a low percentage in an enrollment of three thousand pupils, it is nevertheless melancholy to contemplate. The realization that fifty-one young lives are blighted by this dread disease which can in the nature of it be stamped out, is but another striking example of the necessity of further and more strenuous efforts to obliterate this plague which is more deadly in its continuity than the pestilences which ravaged Europe in the Middle Ages. Fifty-one young lives in which the seal of Death has been stamped—unless the disease can be arrested—is too large a percentage of a preventable disease in any community.

ELECTRIC SPARKS

We always thought that chilly winds were pretty suggestive ourselves, but we never for a minute thought they could go to the extent of suggesting that a certain kind of a league be formed, as an exchange of favors.

With several oil wells in the borough and more happening every day, Canonsburg ought to soon rank with Pinesburg as an aristocratic but rather tired city.

PICKED UP IN PASSING

"Reciprocity is a burning issue up in Canada now," said R. H. Rush, cashier of the First National Bank, who has just returned from a brief vacation, part of which was spent across the border with our Canadian cousins. "During my brief visit there I took pains to talk to a number of Canadians regarding reciprocity, and the general impression seems to be that the issue will carry, as you know they vote on it shortly. I find that most of the conservative Canadians favor it—the men of broad and progressive ideas, but many of the smaller business men and manufacturers oppose it. They seem to be afraid of competition from this side of the border, and a common expression among this class is 'We don't want to play into the hands of the Yanks,' as they call us there. I am much interested in the issue, and hope to see it win. I believe it will ultimately prove to be a most progressive movement for both countries."

WHEELER ASKS SUPPOER FOR JUSTICE OF PEACE

Among the announcements for candidates for borough offices in this issue will be found that of Joseph A. Wheeler for the Republican nomination for justice of the peace. Mr. Wheeler is one of the present justices, having been appointed to that position by Governor Tener to succeed John Jenkins, who resigned to accept an appointment as a pure food inspector. Mr. Wheeler is a man of excellent character, and has filled the office very acceptably during his brief incumbency. He is a staunch Republican and on his merits and ability to continue the office creditably he asks the support of the voters at the polls.

Taking In Sights.

A party of High School pupils, headed by Principal W. A. Swick, took a trip to Pittsburgh Saturday to attend the Pittsburgh Exposition. In the party were Misses Elma Collins, Helen Booth, Genevieve Nutt, Bethel Bowman and Sara Crowthers, and Thomas Tippins, Keith Campbell, Zenobe Boudoux and Henry Lowstutter.

Have Square Dance.

Mr. and Mrs. John Hogan entertained at a party at their home in North Charleroi Friday night. Dancing was enjoyed, the old-fashioned square dance being in particular favor. There were about 50 present. Mr. and Mrs. Hogan are preparing to move to a home on Lockview, North Charleroi.

NEEDFUL KNOWLEDGE

Charleroi People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Charleroi proof:

Mrs Joseph Thompson, 99 Lincoln avenue Charleroi, Pa., says: "Doan's Kidney Pills, procured at Piper Bros' Drug Store, have been used in our family for kidney complaint with the

best of results. I consider this remedy an excellent one and do not hesitate to recommend it."

BURGLARS ENTER AND ROB HOME DURING AFTERNOON

Residence of Capt. Thos. Cocain Robbed in Daylight

CLUE BEING FOLLOWED

Thought Possible That Man and Woman Committed Deed--Valuables Taken

One of the most sensational burglaries of recent years in this community occurred Friday afternoon some time between 2 and 4 o'clock at the home of Capt. Thomas Cocain at North Charleroi. Entrance was effected through a window. A hole was broken in it sufficient to allow a man's hand to be inserted and the lock was turned. Before the burglars left they took the trouble to replace the screen which had been temporarily removed. A gold watch belonging to Mrs. Cocain, five rings, and a diamond stickpin together with \$1 in money were taken.

Mrs. Cocain left the house at about 2 o'clock to go to the home of John Myers a hundred yards distant to visit briefly. While she was gone the burglary occurred.

A brick bat was used to break a hole in the window and the manner in which it was done showed that the burglars were experienced. Apparently no time was lost. They evidently searched the house thoroughly, but missed one room, that of Edgar Cocain's where there was a valuable gold watch. It is supposed that they intended to go there, but were frightened away. Grape vines darken the back yard and work could be carried on without fear of observation from the neighbors. However it is believed that there were two burglars, and that one watched while the other searched the premises. Practically all the valuables were taken from up stairs rooms, but there was no disorder among bureaus. One dollar in silver lying on an upstairs dresser was missed. The gold watch taken bore on the exterior of the case the inscription "Lizzie Cocain," and on the inside had the lettering "From Thomas to Lizzie." One of the rings taken was a valuable diamond.

When Mrs. Cocain returned from her afternoon call she made the discovery of the robbery, and Constable David Mathers with his blood hounds was called to the scene. The trail was taken up but could not be followed, it having been crossed and recrossed by many feet.

From evidences no ordinary workmen completed the job. Instead it was the work of a Raffles who searched the premises. There is a clue that the woman who has been terrorizing portions of Western Pennsylvania and who recently gained notoriety by her highwayman acts in Pittsburgh was concerned. A man and a woman with coats tightly buttoned and wearing hats that shaded their eyes were seen walking rapidly from the hill district in the afternoon by some North Charleroi residents. From the lack of disorder at the place of the robbery, it might be inferred that a woman had worked while a man watched.

Scores of Men at Work on New Line

P. & L. E. Pushing Grading the Work Between Fayette City and Dickerson Run

Scores of men are now working on the connecting line to be built between Fayette City and Dickerson Run by the Pittsburg and Lake Erie system. The work started near Arnold No. 2 mine of the Pittsburg Coal company which is the present terminus of the P. & L. E. tracks at present and is being pushed with all vigor. Mostly foreign labor is being employed. A colony has been established at the old Grift Stephens homestead near Fayette City and upwards of 50 laborers being housed there. Only the grading is being done now.

WOMAN CHARGED WITH ROBBERY AT PITTSBURG

Highland Park, in Pittsburg, which is the Mecca of country people from up this way and elsewhere just now who are flocking into the Smoky City to attend the Exposition and do some shopping, has a thrilling sensation. This is a "highwaywoman" not more than 18 years old has been playing havoc with lovers and tourists in Highland Park for several days, despite a vigorous search by the police. The bandit, who her victims agree, is beautiful and vivacious, has covered her tracks. She is believed to be the same girl who, in the role of horse thief, led the State constabulary a chase, over Fayette, Washington, Westmoreland and Allegheny counties for a week.

As Arthur O'Day and Thomas Kelly were leaving Highland Park the other evening, accompanied by Miss Eunice Bigelow, they were halted by the fair bandit. Drawing a revolver from a holster concealed under her tailor-made white coat, the young woman demanded that they hand over their cash. The boys transferred about \$10 to the highwaywoman. She then compelled Miss Bigelow to hand over her chateleine bag, getting toilet articles and a little over \$3 in money. Then she disappeared. The woman has robbed 15 persons thus far.

"TRAVELER'S REPOSE" GOES OVER THE DAM

Breaking loose from its moorings across the river from North Charleroi the "Traveler's Repose," a shanty boat in which a party of people have been staying for the past six or eight months, went over the dam at Lock No. 4 this morning and was nearly wrecked. There was nobody in the boat at the time. The loss will be probably \$800 or \$1,000. The high water caused the boat to break loose.

MACHINERY GOES WHEN FLAT TURNS

Valuable Engines and Boilers Belonging to Government Lots in River

Caught in the swirling waters at the mouth of Turtle creek, which had been swollen by recent heavy rains, a government flat containing an air compressor, boiler and engine was capsized at Lock No. 2 in the Monongahela river Friday, at noon. From \$1,200 to \$1,500 of a loss was sustained. The United States Steamer "Stuckwater" which has been at the locks in and around Pittsburg doing repair work was taking the flat to safe quarters when it was caught directly at the lock. The accident happened at about noon.

The steamer Helen White of the United Coal company was caught almost in the same way Friday and an accident which would have resulted in the destruction of considerable property and possibly some lives was narrowly averted.

This is one of the first suits to be filed in this county for damages by being hit by an auto. The accident occurred on June 27, 1911, on Main street, near the entrance to the bridge at Monongahela.

HEAVY STORMS IN THE UPPER RIVER

Big Rise in Monongahela Caused by Rains--Allegheny on Rampage

Rains at headwaters and water backing up from the swollen Allegheny and Ohio rivers has resulted in a big rise in the Monongahela river. Today at noon the records showed nearly 17 feet at Lock No. 4 on the lower gauge and the river was still rising. Lockmaster A. F. McGowan received a report of 1.80 inches of a fall at Greensboro during the past 24 hours, the report being made at 8 o'clock this morning.

In the Allegheny river there is a real flood. Much damage was done by a storm which swept through the central northern part of the state Friday morning.

ENGAGEMENT IS ANNOUNCED

Mr. and Mrs. R. L. Hornell entertained at their home on Prospect avenue Friday evening at a party which was given in honor of the youngest daughter, Miss Jennie Flo Hornell. The purpose of the affair, which assumed the shape of a brilliant social function, was to announce the engagement of Miss Jennie to Theodore C. Oskin, of Duquesne. A merry party of girl friends gathered to greet the bride-to-be.

A three course luncheon was served and announcement of the engagement was uniquely made when the last course was served. Tiny cards, bearing the name of Miss Hornell and Mr. Oskin, were placed in small envelopes and these envelopes were frozen in the ice cream. Place cards of yellow daisies tied with yellow ribbon, to which were attached small bags of rice added to the general effect. The cream was yellow and was frozen in the shape of daisies.

The Hornell home was handsomely decorated, the color scheme of yellow and white being carried out. Daisies were strewn in profusion through the various rooms.

The out of town guests were: The Misses Gertrude Hawkins and Mollie Riesinger of Uniontown; Dorothy Brown of Beaver Falls and Hazel Knorr of Duquesne.

Monessen Council Plans Expenditure of \$130,000 in Borough Improvements

Monessen council at the time of the general election this year on November 7 will present to the voters of that borough a proposition to bond the borough to the extent of \$130,000. Part of the money will be used to pay off a floating indebtedness occasioned by a number of street improvements which have been made within the last year. Some will be used for a proposed large market on Third street and the remainder for improvements on the hill.

FIFTY-ONE TAKE TREATMENT FOR WHITE PLAGUE

Superintendent McCleary of the Washington public schools has reported that there had been furnished him by C. M. Ruple, secretary of the Washington Board of Health, a list of 51 children of school age, who had been under treatment at the dispensary for tuberculosis, who if they were in the school were to be excluded. The superintendent stated that not near all of those whose names were in the list were in school. He thought that about 30 of them were.

Under the new code there is nothing to do but to exclude these pupils. Notices have been sent out to each principal, giving the list of names and also quoting the provision of the new code providing for the exclusion of tubercular children.

A county seat physician said that the number reported to have taken tubercular treatment was not large in comparison with the 3,000 pupils in the schools of the borough. He said that an expert on tuberculosis had said that 76 per cent of the human race were at some time in their lives afflicted with tuberculosis.

Charles Donley Tenders Resignation as Member of Faculty

NEW MEDICAL INSPECTORS

Four Physicians Named in Accordance With Provisions of School Code

After a called meeting of the school board Friday night, announcement was made of the resignation of Charles Donley as a member of the High School faculty. The resignation had been presented at a former meeting this week. It was accepted. With the resignation of Mr. Donley there are two High School teachers yet to elect. It was the intention to elect a teacher for an additional room to be provided for High School at the meeting Friday night, but the matter was deferred until next Friday night. Mr. Donley's resignation will take effect at the end of this month.

For the first time in their history medical inspectors were elected for the four schools. The action was made necessary by the new school code which says that pupils must undergo medical inspection annually. Where the inspections are made the child's parents, or guardian must be present. Inspectors elected for the various buildings were: Fifth street building, Dr. J. K. Smith; Ninth street building, Dr. F. C. Stahlman; Second street building, Dr. Edwin McKay; Crest avenue building, Dr. H. J. Reppman.

Applications were opened for janitor for the Ninth street school building, but there was no election, this matter being deferred until next Friday. It was decided to have a new kind of power installed at the Ninth street building and today notice is being given of bids to be received for installing three motors, the largest to be of 20 horse power. A bill of \$164-52 was ordered paid to George Leith for electric wiring in the Crest avenue and Second street buildings.

Phillips Home.

Bill Phillips, the most successful manager that the Youngstown baseball club ever had, is home after a very successful season. He brought the Youngstown team from its usual position in last or next to last place, to second position and made for three club owners a snug sum of money, which was something unusual.

Important Announcement.

This is to inform our patrons and the public of Charleroi and vicinity that the Monessen Laundry company being no longer our agents, have no further right to solicit work in our name. They will misrepresent themselves in doing so. Catered in the Post Office at Charleroi,
as second class matter.

A MELANCHOLY SHOWING

The statement of the Washington Board of Health that fifty-one children of school age about thirty of whom the enrolled, are afflicted with tuberculosis, and must under the provisions of the new school code be excluded, is another evidence of the wide spread ravages of the Great White Plague. The list presented contains the names only of those children at the dispensary at the local dispensary instituted and maintained by the State Board of Health. There are probably many more in whom the disease has not yet been detected that are enrolled in the public schools of Washington.

Although this is stated to be a low percentage in an enrollment of three thousand pupils, it is nevertheless melancholy to contemplate. The realization that fifty-one young lives are blighted by this dread disease which can in the nature of it be stamped out, is but another striking example of the necessity of further and more strenuous efforts to obliterate this plague which is more deadly in its continuity than the pestilences which ravaged Europe in the Middle Ages. Fifty-one young lives in which the seal of Death has been stamped—unless the disease can be stamped—is too large a percentage of a preventable disease in any community.

ELECTRIC SPARKS

We always thought that chilly winds were pretty suggestive ourselves, but we never for a minute thought they could go to the extent of suggesting that a certain kind of a league be formed, as an exchange of views.

With several oil wells in the borough and more happening every day, Charleroi ought to soon rank with Pottsville as an aristocratic but rather tired city.

Henry Clay Beattie thinks that the wrong kind of a jury heard his case. For his best personal interests, yes.

Stand-patters aren't the proud individuals they used to be.

A fier frequently precedes a fall—especially in Wall street.

It seems so easy to stick another man's pencil in your pocket as it does not to pay your bills when they are due.

Sometimes it happens that the men you think are the most substantial are wondering where they are going to get their next day's feed the same as you.

Germany is declared to be on the brink of a financial crash. Why doesn't it quit building battle ships?

PICKED UP IN PASSING

"Reciprocity is a burning issue up in Canada now," said R. H. Rush, cashier of the First National Bank, who has just returned from a brief vacation, part of which was spent across the border with our Canadian cousins. "During my brief visit there I took pains to talk to a number of Canadians regarding reciprocity, and the general impression seems to be that the issue will carry, as you know they vote on it shortly. I find that most of the conservative Canadians favor it—the men of broad and progressive ideas, but many of the smaller business men and manufacturers oppose it. They seem to be afraid of competition from this side of the border, and a common expression among this class is 'We don't want to play into the hands of the Yanks,' as they call us there. I am much interested in the issue, and hope to see it win. I believe it will ultimately prove to be a most progressive movement for both countries."

WHEELER ASKS SUPPOER FOR JUSTICE OF PEACE

Among the announcements for candidates for borough office in this issue will be found that of Joseph A. Wheeler for the Republican nomination for justice of the peace. Mr. Wheeler is one of the present justices, having been appointed to that position by Governor Tener to succeed John Jenkins, who resigned to accept an appointment as a pure food inspector. Mr. Wheeler is a man of excellent character, and has filled the office very acceptably during his brief incumbency. He is a staunch Republican and on his merits and ability to continue the office creditably he asks the support of the voters at the polls.

Taking In Sights.

A party of High School pupils, headed by Principal W. A. Swick, took a trip to Pittsburgh Saturday to attend the Pittsburgh Exposition. In the party were Misses Elma Collins, Helen Booth, Genevieve Nutt, Bethel Bowman and Sara Conners, and Thomas Lippins, Keith Campbell, Zenobe Boudoux and Henry Lowstutter.

Have Square Dance.

Mr. and Mrs. John Hogan entertained at a party at their home in North Charleroi Friday night. Dancing was enjoyed, the old-fashioned square dance being in particular favor. There were about 50 present. Mr. and Mrs. Hogan are preparing to move to a home on Lockview, North Charleroi.

Monongahela merchants are arranging for their third annual "Booster Week." This feature has been successfully held for two successive years past and resulted in bringing in and holding a big lot of out of town trade. The date set is from October 14 to 21 inclusive.

Every citizen of Washington county should look upon the choice of court house officials as a business proposition and should base his political action upon the same ground he would take in the conduct of his private business. Vote for Bowers for treasurer. (Treasurer, vote for one.)

NEEDFUL KNOWLEDGE

Charleroi People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Charleroi proof:

Mrs. Joseph Thompson, 99 Lincoln

avenue Charleroi, Pa., says: "Doan's

Kidney Pills, procured at Piper Bros'

Drug Store, have been used in our

family for kidney complaint with the

best of results. I consider this remedy an excellent one and do not hesitate to recommend it."

It is so perfect in construction that fire keeps all night—it saves the gases wasted with other stoves.

The cost of the stove is saved in fuel. \$5.00 worth of soft coal, hard coal or lignite, or a \$1.50 ton of slack or screenings will do the work of twice the amount of fuel in other stoves.

It is guaranteed to remain always air-tight, which means that it is always a fire-keeper.
